Dear Friends

I wanted to say a huge 'thank you' to everyone who was involved in putting on the performance of 'The Kingdom' on 30 April.

The total raised for Christian Aid through the concert was £6,861.27 including the proceeds from the concert itself and donations received. This is an incredible achievement and I know you all worked really hard to make the event successful both musically and financially.

The concert featured in both the Hereford Times and the Worcester News.

This amazing amount of money will go such a long way; It will certainly enable some of the poorest people to build a hopeful future for themselves and their families, people like Feroza (pictured) in Bangladesh whose home on a silt island on the Brahmaputra river regularly flooded until 4 years ago. Christian Aid's partner organisation, GUK, is helping families like Feroza's to raise their homes so that they don't need to worry about losing everything to the floods. They also enable people to gain a livelihood by providing them with a cow, chickens, seeds and a wormery.

So, once again, many thanks to you all. You are making a huge difference to poor communities.

With warm regards

Jill Stone  
Regional Coordinator
